## **ePACT Network a 2014 Ready to Rocket Company**

Vancouver, British Columbia – ePACT Network is proud to be one of the 2014 ICT Ready to Rocket companies. Each year, Rocket Builders names the top technology companies in British Columbia, recognizing those that are most likely to succeed with significant growth.

ePACT was named one of the Emerging Rockets in 2013, and moved up as a Ready to Rocket company this year. Over the past twelve months ePACT has achieved a successful investment round, customer validation in several markets, and a growing client list, propelling the company as one that is 'most likely to succeed' on the 2014 list.

ePACT was named as an ICT Ready to Rocket company with the likes of Payfirma Corporation, Colligo Networks Inc. and Wishpond. Discussing the selection of these companies, Reg Nordman, Managing Partner, Rocket Builders, explains "Each year when we choose the Ready to Rocket companies, we are looking for those companies that have best matched technical innovation with market opportunity. ePACT Network is an excellent example of the right technology for the right customers at the right time."

Christine Sommers, ePACT CEO and Co-Founder, adds "We are honored to be recognized as a rocket in BC's tech sector, as the Rocket Builders team goes through a rigorous selection process to highlight those in the province with the most potential. ePACT has grown at an incredibly rapid pace over the last year, and our inclusion on the list demonstrates just how far we've come. We look forward to this continued growth in 2014."

### **About ePACT Network Ltd.**

ePACT is changing the way the world prepares for life's emergencies. As your emergency network, ePACT better connects and protects your family, organization and community through any crisis. ePACT Network Ltd. is based in North Vancouver, British Columbia. The company was founded by Christine Sommers and Kirsten Koppang Telford in 2012 after speaking with survivors of the 2011 Japan earthquake and tsunami. The ePACT team is made up of emergency management specialists and web technology experts, committed to helping North American communities better manage any crisis.

### **About Ready to Rocket**

Ready to Rocket is a unique business recognition list that profiles technology companies with the greatest potential for revenue growth. Each year, based on analysis of trends that will drive growth in the information technology sector, Rocket Builders identifies the top private companies that are best positioned to capitalize on the trends for growth. This selection methodology has been an accurate predictor of growth with "Ready to Rocket" companies exceeding the industry growth rate. Also, many of these companies raise investment capital and each year many of the profiled "Ready to Rocket" companies are acquired.
