

FOR IMMEDIATE RELEASE

March 2, 2015

ePACT Network Recognized by Ready to Rocket & Canadian Financing Forum

Vancouver, British Columbia – ePACT Network is proud to be recognized for a second year on the Ready to Rocket list for ICT, as well as taking Investor's Choice Award for IT at the Canadian Financing Forum.

On February 26th, Rocket Builders announced their thirteenth annual Ready to Rocket lists, which identify the BC technology companies with the highest growth potential. Selected as both a 2014 and 2015 ICT Ready to Rocket company, ePACT continues to expand with a growing client base, a unique value proposition for community programs, and enhanced product features.

Dave Thomas, Senior Partner at Rocket Builders, explains why ePACT was named for two consecutive years. "We identify companies that both information technology buyers and venture capitalists will value. Our analysis of market trends led to our selection of ePACT Network as a Ready to Rocket ICT company."

The Ready to Rocket recognition follows ePACT's selection as Investor's Choice in the IT and Creative stream at the Canadian Financing Forum on February 20th. The Forum featured 37 of Canada's most promising technology companies presenting to top tier investors from both Canada and the United States. ePACT's win, along with Kindoma in the Start-Up Spotlight and Neuroio in Cleantech, highlighted an exciting shift in the technology industry with all three winning companies being led by female founders.

Christine Sommers, ePACT CEO and Co-Founder, comments "It's incredibly gratifying to be recognized by these organizations, and receive such validation from investor groups and market experts on the need for ePACT. And we're especially thrilled to see not just one, but three women-led companies being recognized at Financial Forum. It's exciting times for us all as we continue to grow!"

About ePACT Network Ltd.

ePACT is the new standard in connecting and protecting communities. As your emergency network, ePACT connects your family, organization and community overall through any crisis. ePACT Network Ltd. is based in North Vancouver, British Columbia. The company was founded by Christine Sommers and Kirsten Koppang-Telford in 2012 after speaking with survivors of the 2011 Japan earthquake and tsunami. The ePACT team is made up of emergency management specialists and web technology experts, committed to helping North American communities better manage any emergency, large or small.

About Ready to Rocket

Ready to Rocket is a unique business recognition list that profiles technology companies with the greatest potential for revenue growth. Each year, based on analysis of trends that will drive growth in the information technology sector, Rocket Builders identifies the top private companies that are best positioned to capitalize on the trends for growth. This selection methodology has been an accurate predictor of growth with "Ready to Rocket" companies exceeding the industry growth rate. Also, many of these companies raise investment capital and each year many of the profiled "Ready to Rocket" companies are acquired.
